

Almarai Company announces the progress testing and commissioning of its Infant Formula factory

In reference to Almarai's announcement on Tadawul on 1 January 2012 regarding local production of Infant Formula, Almarai is pleased to announce that, through its joint venture with Mead Johnson, International Pediatric Nutrition Co (IPNC), Infant Formula will be produced at the newly constructed factory in Al Kharj during the 1st week of May 2012.

A series of rigorous quality checks and verification processes, ensuring the products compliance to preset quality standards will follow.
