

Almarai announces that the Infant Formula products pass the required quality checks

Further to the announcement dated April 28th 2012, Almarai is pleased to announce that its Infant Formula factory, has obtained all required approvals and successfully passing a series of rigorous quality checks and verification processes ensuring its products' compliance to predetermined quality standards.

As a result of that, the company factory is qualified to produce stage 1, 2 and 3 products branded (Almarai Enfamil & Almarai Enfagrow) to fulfill the needs of the targeted markets.
